The Long Term & Continuing Care Association of Manitoba is a not for profit corporation with more than 60 members, representing over 4,000 beds and suites across the continuum of care. In 1959, our founding members consisted of a few ‘nursing home’ owners. Today, we represent retirement, independent and assisted living as well as supportive housing and personal care residences, spanning six of the eleven regional health authorities across Manitoba. Our membership has grown by more than 100% in the last two and a half years and has become much more diverse. Our primary objective is to advocate on behalf of seniors in Manitoba and the staff at the residences who serve them, throughout the long term care continuum.

LTCAM was incorporated in 1959 under the Companies Act, and has recognized Bylaws which are reviewed and updated annually at the AGM. Its name and logo are registered and represented in both official languages.
